Les notes :

Erinn, you and Bella did a good job with your role-play. There were a few problems with pronunciation which I think could have been improved with a bit more practice. Pay close attention to 'ladore' and 'argent'. The role-play started out strong with a good greeting. I'm not sure if you used the conditional. I couldn't hear it but I didn't mark you down for it. You did not cover all of the criteria (for example tell your size or pay for the garment), however, I know that this is because you were creative with your role-play (so I am not worried about this) I like that you had fun with the task. Great work!! 😊
